

To whom this concerns: K-LOVE (105.5, 89.1 & 100.9) is a station I listen to daily in my commute from one part of the valley to the other. I spend a lot of time in RUSH HOUR traffic and listening to K-LOVE helps to keep a sense of peace about me. When I am feeling down I tune into K-LOVE and go walking. I sometimes have a difficult time getting it on my radio at the office, but when I'm really needing the peace that K-LOVE brings I always manage to get it tuned in. As I travel I see other cars displaying the K-LOVE bumper sticker and it brings great joy to know that others are listening to the encouraging word that K-LOVE sends. Please don't make this station less available to us. I know that K-LOVE helps those in need and that are discouraged. On many occasions they have helped me in ways I can't even explain. Thank You. Terri
